

Greetings,I am writing in regards to NAB's Petition 04-160. I am asking that you reject the proposal and not allow the National Assocaiation of Brodcasters to decide what I need to listen to when I pay for the service. I have allows felt it was wrong to pay for commericals on cable, since I pay a premimum for those channels. XM Radio this actually removed the commericals off of their music channels after millions accepted them. That is a company committed to their listeners. Please again reject Petition 04-160.

Thank you for your time.

Respectively Submitted,

Suman Bhardwaj
